MULTI-ACADEMY TRUST

ENRICHMENT PROGRAMME

for Pupils of St. Bart's Multi-Academy Trust

2026-2027

INTRODUCTION

At St. Bart's Multi-Academy Trust, we believe that education goes far beyond the classroom.

Our Enrichment Programme for 2026–2027 offers a vibrant and purposeful calendar of events designed to inspire, challenge and empower every child across our family of schools.

Rooted in our Trust's values and vision - and centred on releasing potential, celebrating diversity, and preparing our pupils for life in all its fullness - this programme provides opportunities for pupils to grow personally, socially, spiritually, and academically.

From pupil parliament and physical challenges to sustainability projects, creative competitions, and national awareness days, each activity is designed to deepen learning, strengthen community connections, and encourage our young people to become confident, compassionate agents of change.

PUPIL PARLIAMENT

We have a passion for releasing potential in all our children and staff through the encouragement and development of ambition, aspiration, and excellence in all aspects of our work. Our commitment is to place children at the centre of everything we do. Working in collaboration, we strive to provide the highest quality of educational experience and outcomes for our young people in an inclusive environment. Through the enjoyment of learning, we live life together in all its fullness through **PEACE**.

We believe this vision empowers children with the skills to make a positive impact on the future of the communities they serve, by being agents of change. For our Trust schools this means life in all its fullness is a life lived for God, serving others.

Our vision is in line with the Church of England's mission that our education is deeply Christian, with Jesus' promise of 'life in all its fullness' at its heart. Our vision is for the common good of the whole community.

Article 12 of the United Nations Convention on the Rights of the Child (UNCRC) says that children and young people should have a say in decisions that affect their lives. Pupil parliament provides a meaningful way in which pupils from across the Trust can voice their opinions and have their views considered in decisions which impact upon them whilst teaching our young people about democracy, local and global citizenship, and accountability.

MAKE A DIFFERENCE CHALLENGE

Working collaboratively, pupils build confidence in sharing their views, strengthen their understanding of active citizenship and develop practical action plans that can be taken forward within school and the wider community. The experience places pupil voice at its heart, helping young people recognize that their ideas can create meaningful change.

The Make a Difference Challenge has been externally evaluated, demonstrating how transformational it can be for children who take part. It has been shown to develop:

- Skills including empathy, teamwork, oracy and mediating differences
- 'Grit', resilience and motivation to act when they see something going wrong
- Confidence for secondary school
- Awareness of voluntary groups and organisations in their local community.

**Sessions for schools will be held virtually in the spring term.
